

# CHRIS ADCOCK

7 Winnemay St. 2<sup>nd</sup> Flr Natick, MA 01760 chrisladcock@gmail.com 508-735-3911

## OBJECTIVE

To utilize my architectural skills while strengthening a future in architecture, construction, building management, and sciences.

## EXPERIENCE

### **Architectural Services, a Division DPW & Parks-City of Worcester-Designer 9/07-Present- Worc. MA**

Work consists of renovations, alterations, and the design of new & existing city owned buildings. Played a major role in architectural drawing set for the city's new North High School, assisted principal architect in schematic phases to construction documents, developed code review drawings, building egress, building and wall sections, foundation buyout package, rcps, and roof plans. Other city projects included epdm and synthetic slate roof replacements, dpw metal building storage facilities, public and educational toilet room additions & renovations, commercial tenant fit out spaces in the city's Union Station, school science labs, and MSBA accelerated school repairs. Help provide assistance in public bidding processes. Latest project includes a regional emergency communications center that will house the city's 911 call center. Work is typically seen from schematic design thru project close out and project roles include drafting construction documents, coordinating consultants, making recommendations for product materials, project estimating, and construction administration.

### **CHENOT Associates, Inc.- Job Captain -5/00-9/07-Princeton, MA**

Daily responsibilities include project programming and design, to construction administration. Managed the coordination between client and contractor. Produced and managed contract documents for numerous office projects. While working extensively with 2d and 3d cad, I became proficient in producing facade and massing studies, as well as drawing production for all project phases. Prepared presentation boards for client and town review. Developed project land planning schemes along with facility master plans. Researched and specified, products and materials, as well as reviewed project submittals and shop drawings prior to construction. Coordinated value engineering efforts to maintain project design, budget, and program. Projects types varied, mostly low to high end residential, banking, assisted living.

### **Steffian Bradley Architects -InternArchitect / Job Captain-1/06-7/06-Boston, MA**

Worked with a 15 person project team on a Erickson Retirement Community South of the city. My responsibilities were to produce and maintain drawings that complied with client standards. I also developed various staged drawing sets for multiple campus buildings, projects included a pedestrian bridge, parking deck, community building (code review docs); and the schematic design of a 120 plus unit residential building. Coordinated a MGH neurology suite renovation drawing set.

### **Chris Adcock/CA Design -Owner -2003-Present -Natick, MA**

Freelance design work specializing residential design along with computer modeling and rendering. Providing project assistance to other field professionals from contractors to architects to property owners, etc. Participated in the Worcester Firefighters Memorial and Park Competition. Volunteered in a main street revitalization project through a USB Grant - project consist of existing documentation of downtown area and the design of a two level parking structure, newly designed town green space w/ 8,000 sq. ft. building maintaining the continuity of the existing street wall - Spencer, MA.

## AWARDS & PUBLICATIONS

Honorable mention for Boston's North End Coops Terrace Homeless Shelter Design Competition  
Honorable Mention for CSI's City Hall Millennium Clock Tower Competition.

## SKILLS

AutoCAD, Revit, Archicad, MS Office, Photoshop, Physical Modeling

## EDUCATION

Wentworth Institute of Technology - Boston, MA

Accredited Bachelor's in Architecture, 2000 - Associate's in Architectural Engineering Technology, 1997.

Architectural Registration 11/2016- #951026 - Commonwealth of Massachusetts
